What does college mean to you? Some students think they need to have a university degree for getting a decent job. Some consider college education very useful in helping them grow intellectually.

Nevertheless, what higher education offers is not just academic engagement but a lot more.

Extracurricular involvement, for example, could play a significant part in the collegiate experience.

Write a compare-and-contrast essay on what college life you had in your previous school and what you would expect your life to be in Tatung University.
